STAFF REPORT

Meeting Date:	December 10, 2018						
То:	Honorable Board of Directors						
Subject:	Leases of Main San Gabriel Basin Groundwater Production Rights						
Purpose -	To lease out 750 acre-feet a year of Main San Gabriel Basin (Basin) Groundwater Production Rights, which are over the District's needs.						
Recommendation	- <i>Two separate Board actions:</i>						
	 Authorize the General Manager to enter into a Lease Agreement with the Industry Public Utilities Commission for 500 acre-feet of 2018-19 groundwater production rights at a rate of \$758.94 per acre-foot. Authorize the General Manager to lease 250 acre-feet of 2018-19 groundwater production rights to San Gabriel County Water District at a rate of \$758.94 per acre-foot. 						
Fiscal Impact -	<i>These actions will result in payments being made to the District in early 2019 as follows:</i>						
	(1) Industry Public Utilities Commission in the amount of \$379,470 (2) San Gabriel County Water District in the amount \$189,735.						
	The revenue from these transactions will total \$569,205, which will offset the cost of water leases in 2019. The projected total expense for water rights leases in 2019 is \$465,500, which is consistent with the 2019 proposed Budget.						

Summary

In October of this 2017, the Board approved a three-year lease agreement with Canyon Water Company to lease 1,000 acre-feet (AF) a year for the next three years. At that time staff informed the Board that of the 1,000 AF, the District needed only a portion of those rights to cover its projected overproduction for the current production year, and that the remaining acre-feet could be subleased to the Industry Public Utilities (IPU) and other producers if necessary. Staff prepared an analysis (enclosed) of the Canyon Water Company lease and the lease of 750 AF to other producers, to show the impact to the District. By leasing in production rights over the needs of the District, allows the District to lease out what is not needed on an annual basis. This practice allows the District to adjust the amount of production rights it retains, at our discretion; and allows us to have improved access to the production rights lease market.

As the manager and operator of the IPU, annually District staff recommends leases of water rights to the City of Industry, in an effort to reduce the cost for pumping water that is over the IPU's annual production rights. The Canyon Water Company three-year lease agreement that the District has secured not only meets the annual needs of the District but also of IPU.

The proposed lease to San Gabriel County Water District provides revenue to offset the expense of water rights leases, so that we stay within our proposed Budget for 2019.

Fiscal Impact

Enclosed is an analysis of the anticipated fiscal impacts by leasing out a total of 750 AF of production rights in early 2019. The recommended actions will result in payments being made to the District in early 2019 as follows:

- (1) City of Industry in the amount of \$379,470
- (2) San Gabriel County Water District in the amount \$189,735

The revenue from these transactions will total \$569,205, which will offset the cost of water leases in 2019. The projected total expense for water rights leases in 2019 is \$465,500, which is consistent with the 2019 proposed Budget.

Recommendation

As separate action items, Staff recommends the Board:

(1) Authorize the General Manager to enter into a Lease Agreement with the Industry Public Utilities Commission for 500 acre-feet of 2018-19 groundwater production rights at a rate of \$758.94 per acre-foot.

(2) Authorize the General Manager to lease 250 acre-feet of 2018-19 groundwater production rights to San Gabriel County Water District at a rate of \$758.94 per acre-foot.

WHEREAS, pursuant to the Amended Judgment, both Lessor and Lessee hold certain adjudicated rights to pump groundwater from the Main San Gabriel Groundwater Basin ("Main Basin") on an annual basis which are further described in the Amended Judgment and referred to for purposes of this Agreement as "Annual Production Rights"; and

WHEREAS, pursuant to the Amended Judgment, including but not limited to Section 55 thereof, parties to the Amended Judgment are authorized to assign, transfer, license or lease all or any portion of their Annual Production Rights to other entities, including but not limited to other parties to the Amended Judgment, provided that appropriate notice procedures established by the Main San Gabriel Basin Watermaster ("Watermaster") are followed; and

WHEREAS, as of the date hereof, Lessor has 500 acre-feet of Annual Production Rights for the 2018-19 water year available for lease; and

WHEREAS, Lessor and Lessee desire to enter into this Lease for the 500 acre-feet of Annual Production Rights for the 2018-19 water year.

AGREEMENT

IN CONSIDERATION of the foregoing recital and the mutual promises set forth herein, Lessor and Lessee agree as follows:

1. <u>Leasing of Production Rights</u>. Lessor hereby leases to Lessee, and Lessee hereby leases from Lessor, Five Hundred (500) acre-feet of Annual Production Rights (the "Leased Production Rights") for the term and upon the terms and conditions set forth in this Lease.

- 2. <u>Term</u>. The term of this Lease shall be for a period commencing July 1, 2018 and ending June 30, 2019.
- 3. Lease Rate, Payment and Adjustment.

The lease rate under this Lease shall be ninety-one percent (91%) of the prevailing Pre-purchased Supplemental Water Rate (the "Pre-purchased SWR") set by the Upper San Gabriel Valley Municipal Water District's Board of Directors ("USGVMWD") on June 5, 2018. Upon execution of this Lease, Lessor will send an invoice for, and Lessee will make the full payment of \$379,470 within 15 days of Watermaster's acknowledgement of the Lease.
