#### PREAMBLE

"Government is a trust, and the officers of government are the trustees; and both the trust and the trustees are created for the benefit of the people." (Henry Clay, 1829)

The mission of the La Puente Valley County Water District is to provide its customers with high quality water for residential, commercial, industrial and fire protection uses that meets or exceeds all local, state and federal standards and to provide courteous and responsive service at the most reasonable cost.

#### I. Purpose of the Policy

The policy of La Puente Valley County Water District ("the District") is to maintain the highest ethical standards for its Board members. The proper operation of the District requires that decisions and policy be made within the proper channels of governmental structure, that public office not be used for personal gain and that Board members remain objective and responsive to the needs of the public they serve. Accordingly, it is the policy of the District that Board members maintain the highest ethical standards. The objectives of this policy are to (1) provide guidance for dealing with ethical issues; (2) heighten awareness of ethics and values as critical elements in Board members' conduct; and, (3) improve ethical decision making and value based management.

#### II. Responsibility of a Public Office

Board members are obligated to uphold the Constitution of the United States and the Constitution of the State of California. Board members will comply with applicable laws regulating their conduct, including conflict of interest, financial disclosure and open government laws. Board members will work in cooperation with other public officials unless prohibited from doing so by law or officially recognized confidentiality of their work. *(Government Code Section1360; Article 20, Section 3 of the California Constitution.)* 

#### III. Fair and Equal Treatment

Board members will not, in the performance of their official duties and responsibilities, discriminate against or harass any person on the basis of race, religion, color, creed, age, marital status, national origin, ancestry, gender, sexual preference, medical condition or disability. A Board member will not grant any special consideration, treatment or advantage to any person or group beyond that which is available to every other person or group in similar circumstances.

(See, e.g., Article 1, Section 31 of the California Constitution; Age Discrimination in employment Act of 1967 (29 U.S.C., §§ 621-634); Americans with Disabilities Act of 1990 (42 U.S.C. § 12101 et seq.); Fair Employment and Housing Act (Government

Code §§12900 et seq.); Rehabilitation Act of 1973 (29 U.S.C., §§ 2000e et seq.); Title VII of the Civil Rights Act of 1964; Labor Code Section 1102.1.)

#### IV. Proper use and Safeguarding District's Property and Resources

Except as specifically authorized, a Board member will not use or permit the use of District owned vehicles, equipment, telephones, materials or property for personal benefit or profit. A Board member will not ask or require a District employee to perform services for personal benefit or profit. Each Board member must protect and properly use any District asset within his or her control, including information recorded on paper or in electronic form. Board members will safeguard District property, equipment, moneys and assets against unauthorized use or removal, as well as from loss due to criminal act or breach of trust.

(Article 16, Section 6 of the California Constitution, Government Code § 8314, Penal Code § 424, see People v. Battin (1978) 77 Cal. App. 3d 635).)

#### V. Use of Confidential Information

- A. Board members are not authorized and shall not, without approval of the Board of Directors, to disclose information that qualifies as confidential information under applicable provisions of law, to a person not authorized to receive it, that: (1) has been received for, or during, a closed session meeting of the Board; (2) is protected from disclosure under the attorney/client or other evidentiary privilege; or (3) is not required to be disclosed under the California Public Records Act.
- B. This section does not prohibit any of the following: (1) making a confidential inquiry or complaint to a district attorney or grand jury concerning a perceived violation of law, including disclosing facts to a district attorney or grand jury that are necessary to establish the alleged illegality of an action taken by the District, an elected official or employee; (2) expressing an opinion concerning the propriety or legality of actions taken by the District in closed session, including disclosure of the nature and extent of the allegedly illegal action; or, (3) disclosing information acquired by being present in a closed session that is not confidential information. Prior to disclosing confidential information pursuant to (1) or (2), above, however, a Board member will first bring the matter to the attention of either the President of the Board or the full Board, so that the Board will have an opportunity to cure an alleged violation.

  - a. If the member becomes aware of the potential conflict of interest before the Board meeting at which the matter will be discussed or acted on, he
